

TNR/EXCACD/026/2022-23

Date: 07-05-2022

Dear Parent,

INTERNATIONAL AEROSPACE OLYMPIAD 2022 GRADE I TO X

LADST DATE OF REGISTRATION: MAY 10th 2022

REGISTRATION AND EXAM DETAILS

- International Aerospace Olympiad 2022 is the combination of Aerospace, Aeronautics and Astronautics Olympiad.
- It is organized by **SPACETRIX AEROSPACE Organization**.
- It will be held online in the month of June/July 2022.
- The aim of this Olympiad is to promote the growing interest in Aerospace, Aeronautics & Astronautics related subjects.
- It is conducted to encourage students to study Aerospace, Aeronautics & Astronautics at the university level and to become the next generation astronomers & Scientists.

Eligibility: Grade 1st – 12th students from any country/board can participate individually.

Benefits & Awards:

- Every group winner will go on an educational trip to ISRO, DRDO, HAL, or any other aerospace organization.
- The Winner will also get awarded with different medals as well as appreciation and distinction certificates in support of AIAA, USA (American Institute of Aeronautics & Astronautics).
- Participation Certificates to every participant.

Exam Date: Tentative dates are in June/July 2022.

Every participant/school can select the exam date as per their choice from the slot provided by our organization before the exam.

How to Study for the topics like Aerospace, Aeronautics & Astronautics?

Study Material will be provided to every participant after successful registration.

Why to Participate? Any Career benefits in the future?

The space industry is now growing in India under the leadership of our Prime Minister, Shri Narendra Modi. In the coming years, many private space agencies emerge that will work with ISRO and create a better career opportunity for all those students who want to pursue the same.

With advances in space exploration and space travel becoming a reality after the Gaganyaan Project in India, the future of aerospace engineering is promising. Aerospace engineering is a trade that applies engineering science to the development and study of aircraft, spacecraft, and related technologies

How To Register for the Spacetrix International Aerospace Olympiad 2022?

Students Registration Form Link:
